VISION

Thanh Cong University was established in 2020 and is oriented to become the top 1 university in the world after 10 years

The school will constantly develop and modern technical facilities to meet the learning needs of students at the school, creating quality human resources for the future

STRATEGY

2020–2022

- The university will have many International leading scientific research project

2022–2025

- The school achieved the top 3 in the world and had many excellent students recruited directly into the world's major companies and projects

2025–2027

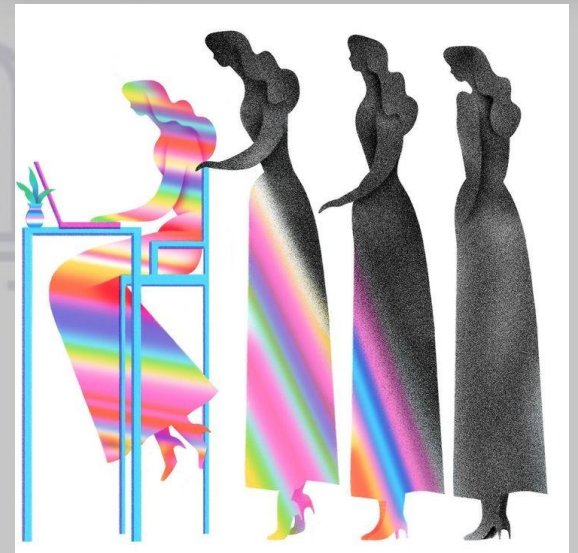

- The school constantly improves its facilities the best in the world and has a team of faculty trained from the top schools in the world

2027–2030

- THE SCHOOL WILL ACHIEVE THE SET GOAL OF RANKING FIRST IN THE WORLD

MISSION

At TCU, we value the development of the strengths of individual students. We don't force you to enter a lot of contests, to be a great person or a champion. We hope you can freely develop your own strengths, teaching you how to maximize your talents as you desire. Here, we don't create talent, we just lead you to the success you expect for yourself.
