

BEE UNIVERSITY

The first thing I suggested that an ideal school should have a good welfare that I was served breakfast and lunch. Moreover, I have bonus salary salary at least have to be equal to the salary of a day of work for the holiday.

No more useless competition, annoyance, jealousy, and hate among us.

I desire to have areas for health care for employees, for both men and women.

I supposed that an ideal university was a place where the quality of faculty was good. The school must be highly disciplined, no discrimination of academic qualifications or the work they undertake. That helps students more professional.

I like everyone call me by "Ngoai"

I hope that groundkeepers will be more support and motivated to work effectively.

Groundkeepers need center or room to help what they want to heal, control their mind.

Through our surveys, approaching demands of the staffs. Bee University will be the best choice for reasons:

- Area: comfortable & friendly + Set up the activities to connect all of them. => No more distance.
⇒ work environment: + A mutual space for all to have a breakfast and lunch => No more discrimination. + Use the second name "Grandma" or "Grandpa" for staffs.
- Social welfare: financial support, consulting support.
⇒ Financial support + Support extra salary on holiday + Make condition for free 2 meals each day
⇒ Consulting support + A center for health care. + A center for psychological counseling
- Technology: high machines
⇒ High machines
+ Assist staffs do a list more effectively and advantageously

- Community is unbreakable.

=> The durability and discipline contribute our society.

First, the idea of university name comes from the metaphor "bee" as a private keyword.

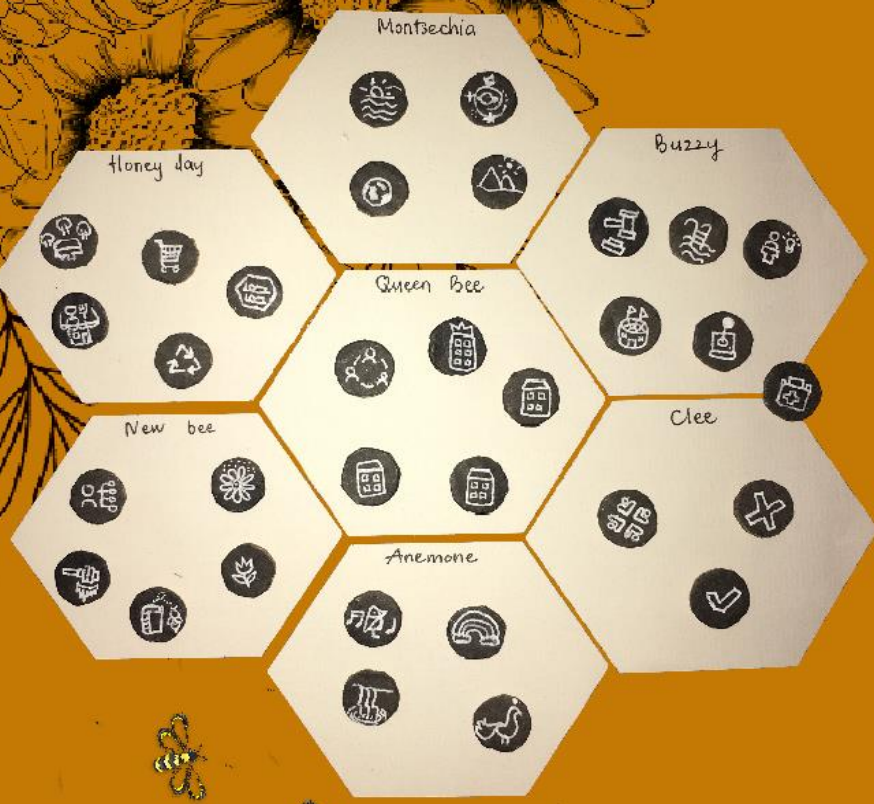

Next, Bees' colors are really eye-catching.

Third, we choose educational approaches, for infrastructure, ... based on our real ideas we built through school-based methods and from

Fourth, our University respects democracy, and we express their personal opinions and build a great

Finally, this is a comprehensive school. These are productive and positive relationships, and work for all those who want to contribute to society.
